REGION 10 BULLETIN NO: 2010-33

Subject: Systems Engineering for ITS Workshop

Program Area: Intelligent Transportation Systems (ITS)

Date: May 5, 2010

The U.S. DOT is pleased to offer the Systems Engineering for ITS Workshop that will help you understand how systems engineering can be applied to your ITS project delivery process. The workshop will cover: 1) the benefits of using systems engineering, 2) how to satisfy the Federal requirements for systems engineering as documented in FHWA Rule and FTA Policy, and 3) how to apply systems engineering to your traditional project delivery processes. A combination of lectures, transportation examples, and exercises will be used to illustrate the basic concepts and introduce the topics.

When: June 8 -9, 2010 (9am – 4pm on the 8th, 9am – Noon on the 9th)

Where: Puget Sound Regional Council, 1011 Western Ave (5th Floor), Seattle, WA

This workshop is free to all public sector participants and their private sector consultants under contract for ITS project development. To participate, please contact James Colyar, Federal Highways Administration - Washington Division at (360) 753-9408 or email james.colyar@dot.gov. For FTA Region 10 assistance, please contact Annette Le at (206) 220-4461 or email annette.le@dot.gov.

Sincerely,

Kenneth A. Feldman
Director, Office of Program Management and Oversight
